

FAQs:

What if I don't create an Adobe ID?

Without an Adobe ID, you will not be able to transfer eBooks to your e-reader. You can authorize up to six computers and six devices with the same ID.

What do I do when the eBook expires?

Nothing needs to be done, the book is automatically returned for circulation.

If you would like to delete remnant files from your e-reader, connect it to your computer and use Adobe Digital Editions to view the reader's contents. You may delete files directly from your e-reader this way.

Can I return an eBook early?

Yes! You can return through Adobe Digital Editions by choosing *Return Borrowed Item* from the little item menu, or log into OverDrive, navigating to your *Bookshelf*, and clicking *Return Title*.

Return Title

Can I use my e-reader's wi-fi to download directly to my device?

You must download the book to your computer first, then transfer it.

Use these instructions for most traditional e-readers and for color e-readers that do not have access to an appropriate application store.

These instructions are not applicable for any Kindle, nor are they necessary for the nook Color or any nook Tablet. Sony Readers may require their own additional Reader Library software.
